Dear Sir;

As a student of J.F. Kennedy High School in Wheaton, Maryland I have become extremely interested in the "truths" of the J.F. Kennedy assassination. In working on a term paper concerning the trauma of 1963 It would be delightful and informative if you could possibly come to speak at our school, in care of the English department, to enlighten the students on the somewhat forgotten crime, at your convenience.

Thank you.

Sincerely,
Patti Orrison
